**Axxess Earns HITRUST i1 Certification of Security and Compliance
for its Suite of Care at Home Solutions**

DALLAS, August 30, 2023 – Axxess, the leading technology innovator for healthcare at home, has earned HITRUST certification of security and compliance for its suite of care at home solutions. HITRUST independently reviews and verifies secure data management by healthcare organizations and has provided the Axxess suite of solutions with its i1 certification. Through a year-long process, HITRUST has verified that Axxess is meeting necessary data privacy and security requirements.

"Axxess has always had a culture of compliance and commitment to the highest security standards," said Andrew Olowu, chief technology officer at Axxess. "It is gratifying to have a third-party organization such as HITRUST attest to our world class processes that ensure our clients' data is protected and managed appropriately. This certification validates our clients' trust in Axxess."

Axxess has demonstrated a commitment to compliance and secure processes through previous certifications and verifications, including being named the first [CHAP Verified](#) solution and earning [ACHC Product Certifications](#)
