**Axxess and Naveon Partnership Provides Care at Home Industry
With Serious Illness Education**

Education Modules Support Care Teams, Patients and Families

DALLAS, June 26, 2023 Axxess clients can strengthen their communication and understanding among staff, patients and families through a new integration with [Naveon](#).

Axxess and Naveon partnered to bring serious illness education modules to care at home organizations. The partnership represents the shared commitment of providing innovative solutions and resources across the care at home continuum.

staff have experienced difficult conversations with vice president of channel partnerships at Axxess. organizations can be assured that these difficult conversations are consistent across all staff and presented to patients and families with clearly defined options and expected outcomes to eliminate confusion,

The partnership between Naveon and Axxess will support:

- Patients and families in understanding their illness and options for care.
- Care teams in learning a uniform vocabulary for difficult conversations.
- Organizations in addressing systemic challenges like augmenting existing skills of current staff, generating earlier referrals and improving staff productivity.

F

patient and family education partner to support Axxess clients across home health, palliative care and hospice. Ensuring all patients and families are educated on key
